

REMARKS

The Examiner has objected to the drawings; a replacement sheet for Figs 1 and 2 is attached hereto with the handle or grip of claim 27 clearly shown. No new matter has been added.

Claims 28-30 have been rejected under 35 USC 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Applicant respectfully disagrees with the rejection but has cancelled claims 28-30 in the interest of expediting allowance of the application. Applicant reserves the right to prosecute claims 28-30 in a continuation application.

Claim 27 has been indicated to contain allowable subject matter. Thus, the subject matter of claim 27 has been added to independent claim 22, from which claim 27 depended. The amended claim 22 has also been modified in minor respects for the sake of clarity.

Dependent claim 23 remains in the application. Claims 24-30 have been cancelled. Dependent claims 31 and 32 have been amended for clarity as well.

Thus, claims 22, 23, 31 and 32 remain in the application and are respectfully submitted to be in condition for allowance.

Respectfully submitted,

/arbarkume/
